

PACKBASKET WORKSHOP

Clinton County Historical Association Museum
Saturday, March 31st

Weave a 17" or 21" tall basket of premium reed. Pine shoes, plywood base and ash handle are included. This workshop is for beginners as well as weaving "veterans". All materials are included and all necessary tools are provided. You will also receive written instructions for applying a finish to your basket. Approximate time to complete: 6 to 7 hours. Bring a snack or lunch for our noontime break.

The session includes a discussion of the history of the packbasket and its role as essential equipment during the opening of the Adirondack Mountain region by guides during the 1800s and early 1900s.
